

Vision/Value Statement

Barclay Physical Therapy, Inc., is a dynamic accessible learning centered rehabilitation facility dedicated to optimal performance.

This Facility Values:

- Privacy, discretion and confidentiality.
- Shared responsibility, open communication and collaboration.
- Personal empowerment, integrity, ethical commitment.
- Diversity, global awareness, responsiveness to individual and community needs.

The Strategic Directions of Barclay Physical Therapy, Inc.

Barclay Physical Therapy, Inc. will be a client-centered rehabilitation facility that:

- Places meeting the needs of all client's as its first priority.
- Encourages a partnership between the client and the therapist.
- Fosters and recognizes the role of the client's family in the rehabilitations process.
- Uses a dynamic, goal-oriented treatment approach responsive to client needs, with appropriate assessment to maintain professional standards and meet community expectations.
- Identifies and responsibly utilizes existing resources and acquires additional resources necessary to achieve the objective of the Center.
- Employs current technology and anticipates future technological developments to enhance rehabilitation and communication, internally and externally.
- Provides the client with the educational tools for prevention of injury/re-injury.
- Provides leadership and services to the external communities.
- Provides a safe, supportive and healthy environment.
